Product Options

Many premium options further enhance the ability of the NuGrain series to fulfill specific designer or user requirements:

-NH Nail head trim on the inside back.
-RFP Recessed Finger Pull

Overview

The NuGrain series features the look of real wood finishes on a strong, welded aluminum frame for heavy duty contract use designed for years of service. The heavy wall aluminum frame is finished with an engineered, heat transfer system that literally turns the frame surface into the look and feel of real wood without the worry of wood joints working loose over time. The NuGrain series is the perfect seating selection for senior living, club dining, and lobby areas in medical and public facilities. Molded foam seat cushions assure years of seating comfort and support. All foam cushioning meets the requirements of California Technical Bulletin 117.

Features

Consult NuGrain Finishes for color selection.
