

1016

Specs

Width: 18"

Depth: 22.5"

Back Height: 32.75"

Seat Height: 18"

Overview

This chair unites comfort, design and durability for colleges, break rooms and training facilities. The frame is formed and welded from 7/16" (12mm) solid steel rod. Finish is polished chrome. Glides are molded nylon for all floor surfaces and also serve for ganging chairs in a row.

The seat and back are comfort molded form polypropylene and are recyclable. Color is black. They clean easily when necessary with soap and water solution. Chairs have been performance tested to meet or exceed BIFMA standards.

Chairs will stack 10 high free standing. Option four wheel storage dolly (#30 series dolly) will hold 15 or more chairs.

Features

The polypropylene seat and back are made of recyclable, environmentally friendly raw materials.

Chair features easy slide, black nylon glides and provide easy side by side ganging positioning.

Chairs stack 10 high, free standing.

This model is being Discontinued, Limited Quantities Available. Please contact Daniel Paul Chairs for details.
