Overview

Classic traditional style for senior living and restaurant dining. Seat cushioning features 2" high density foam over sinuous springs for high comfort and longevity in contract use.

Frames are manufactured to highest contract standards from European Beach hardwood. Frame joints feature double dowelled or mortised and tenoned construction. Critical leg joints are further strengthened with screw and lag bolt fastened corner blocks where design allows.

100% water based stain and urethane top coat finishes meet both the tough requirements of the lodging and food service industry as well as being truly GREEN and are recognized for meeting the highest standard for environmental friendliness.

Choose from any of our Standard DPC wood finishes. Custom matching is available at an upcharge.
