Overview

The Classic Series features a unique circular arm design, which results in a classic appearance suitable for most themed interiors. The inside and outside backs are finished without any exposed fasteners creating a timeless feel, that will complement any interior setting. This style is recommended for specialized seating areas where design and comfort are the most important functions.

Frames are manufactured to highest contract standards from European Beech hardwood. Frame joints feature double dowelled or mortised and tenoned construction and critical leg joints are further strengthened with screw and lag bolt fastened corner blocks where design allows.

100% water based stain and urethane top coat finishes meet both the tough requirements of the lodging and food service industry as well as being truly GREEN and are recognized for meeting the highest standards for environmental friendliness. DPC offers the selection of 10 different wood **Finishes**.

Features

The legs are fitted with large rubber cushion glides to facilitate easy movement on all floor surfaces
