Overview

The Millennium Lobby Bench model #6141 is available in various sizes to fit specific space requirements. Featuring simple clean styling through crisp upholstery techniques, the MLB works well with minimalist lobby designs as well as updating plans for older properties. Other uses may be in office or meeting areas even college dorms-anywhere that people gather to wait or meet.

Optional features include built in charging ports with USB and 110 volt connections, removable seat cushion for extra storage under the seat, different arm rest and varying leg styles. While specific dimensions are provided for the pictured MLB model #6141, it can also be considered as a concept to be fully developed by your design staff and brought to reality by Daniel Paul Chairs vast manufacturing resources.
